5. As you could understand that MCS had always been supportive and understanding regarding the fee aspects not only during these challenging times but even before that.
6. The Mission of the school had always been to provide **the best quality education as possible on the reasonable fee structure** amongst other running schools.
7. It could have been evident **from our Academic results year after year**, Sports and Cultural activities in previous years and discipline aspects of our children.
8. Our team efforts could be evident during these challenging times of pandemic in the form of our **E-Magazine "PRAYAAS"** which must have been viewed by your good self. It is important to share that our E-Magazine has been **appreciated and idea being adopted by many leading schools** and educators not only in Jaipur but outside too.

9. We would like to thank and place our Regards to the Parents who already had deposited some fee and supported School in discharging its financial obligations. Their Fee adjustment or related queries will be communicated to them individually.

10. We always assumed MCS Family is a combination of Three Poles of Society i.e. Teachers, Students and Parents. That is imbibed and could be visible in our work culture and systems. Never doubt, these are the some crucial times, but the strength of human mankind is always tested during the tough times only. **We hope and wish that we will sail together and come up as winners.**

Once again, our humble regards to all with our best wishes for your health and well being.

Thanking You

Yours truly
